

Employee Submissions

I am proud to share that my daughter Brooke recently graduated and has begun her career as a Speech Pathologist in Buffalo. On June 30th I held a graduation party for her at the Brookville Mansion. I looked for a space that could accommodate the 50 friends and family members who we invited to celebrate with us and decided to rent the mansion for the afternoon. The Ballroom, Dining Room, and Patio were beautifully set up and the Ballroom was air conditioned, which was important since that Saturday was extremely hot and humid. The party went off without a hitch, thanks to Patricia Gill-Fisher and Markiah Addison who organized and managed the entire event. Their attention to detail allowed me to sit back and enjoy the company and the food in a unique and relaxed setting. Thank you very much ladies!

Brooke was thrilled with her much deserved celebration and the guests were very impressed with the setting. I would highly recommend employees renting the space for parties. The

room and grounds are amazing and my family had fun exploring. I've attached a few pictures of my beautiful (and smart!) daughter, Brooke, and of the best new event space in Brookville.

For more information about renting the space please contact Patricia Gill Fisher at 516-626-1075 X1166.
